In order to process your application in a timely manner, it is very important that the information you provide be complete and accurate.

Column One represents your years in school: first, second, third, etc. There is one line for each year.

In *Column Two* fill in the calendar years for each school year you attended, such as 1980-81, 1982-83, etc.

In *Column Three* write your age. Perhaps you were six years old when you first went to school, so write "6" on the first line. Continue by putting your correct age for each of the subsequent levels attended.

In *Column Four* for each school year write the name of the level or class you attended that year. Use the terminology of the country where the school was located. Do not try to translate into American terminology.
